Please enter the Replacement Sheet attached at end of this Response.

REMARKS:

Claims 5,6,11,12, 14,18, and 19 have been cancelled. Thus, claims 1-4, 7-10, 13, 15-17, and 20 remain pending.

The Examiner objected to the drawings because no door was depicted in support of a claim including a door and because reference numeral 32 of Fig. 4 required amendment to be consistent with the written description. Accordingly, the applicant has cancelled the only claim that includes a door (claim 14) and has submitted herewith an Amended Sheet in which Fig. 4 now depicts reference numerals 32a and 32b for consistency with specification. Therefore, the drawings are now believed to be in compliance with 37 CFR 1.83(a) and 37 CFR 1.121(d).

Claims 5, 11, and 18 were held to be allowable by the Examiner if rewritten in independent form to include the limitations of the base and any intervening claims. Thus, the applicant has submitted herewith amendments that combine the limitations of claims 5, 11, and 18 with the independent claim from which each depended (i.e., claim 1, claim 7, and claim 13, respectively).

In view of the amendments above, the applicant respectfully submits that all independent claims are now rendered allowable. Moreover, since the independent claims are believed to be distinguishable from the cited art, all dependent claims are also believed to be so distinguished. Thus, the rejections made under 35 U.S.C. 102(b) and 35 U.S.C. 103(a) are believed to have been obviated.

No fee is believed to have been incurred. Should there be any unforeseen costs, please charge our Deposit Account No. 17-0055.

Respectfully submitted,

Quarles & Brady Streich Lang LLP
